APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the
source. It is understood that the 5.0 cubic feet of water per second
herein granted is only a temporary allowance and that the final water
right obtained under this permit will be dependent upon the amount of
water actually placed to a beneficial use. A suitable measuring
device must be installed and accurate measurements of the water placed
to a beneficial use must be included in the proof of such use when filed.
The State retains the right to regulate the use of the water herein
granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 5.0 cubic feet per second.

Actual construction work shall begin on or before February 26, 1959

Proof of commencement of work shall be filed before March 26, 1959

Work must be prosecuted with reasonable diligence and be completed on or before February 26, 1960
